PROFILE

I am a first-year Web Development student at the City of Glasgow College - who, over the last six months, has taught himself the fundamentals of web development. I am well-versed in HTML 5, CSS and SASS and am excited to continue learning and grow my skill set.

PROJECTS

NATOURS - [HTTPS://DARYLSTE.GITHUB.IO/TRILLO/](https://darylste.github.io/trillo/)

Natours is a landing page for an outdoor tour booking website, which features an animated image gallery, rotating tour cards and a pure CSS popup.

TRILLO - [HTTPS://DARYLSTE.GITHUB.IO/TRILLO/](https://darylste.github.io/trillo/)

Trillo is an all-in-one booking service, demonstrating my understanding of the web development fundamentals, including moderns CSS and flexbox.

OMNIFOOD - [HTTPS://DARYLSTE.GITHUB.IO/OMNIFOOD/](https://darylste.github.io/omnifood/)

Omnifood is a landing page for a healthy food delivery showcasing a company features section, an image gallery and a section on current branches.

All projects are fully responsive front-end webpages created using modern CSS and SASS features, using git as a version control system and NPM to create simple compilers and build processes.

EMPLOYMENT

CREW MEMBER, AG RESTAURANTS LTD, GLASGOW – OCT 2019 - PRESENT

During my time at McDonald's, I developed great team-working skills and the ability to maintain high work standards while in high-stress, fast-paced environments.
